

Co-Lab @ Leaders

Effective leadership in an AI-enabled organisation requires leaders to be equipped to set clear strategic direction, exercise accountable oversight, and translate AI adoption into sustainable business value.

- **C-Suites**

CEO, ExCo and Board: set AI direction, risk appetite and investment strategy

- **Heads**

Functional and regional heads: approve AI use cases and own controls

- **Mid-level**

Deploy AI in teams; turn pilots into value
